Based on the award-winning classic fantasy role-playing game from Beam Software, but completely redesigned to bring the game to a modern audience. The map has been updated, and the various environments that appear in-game have been redesigned. A land that's been invaded by dark demons has been turned into the Wastelands, and monsters have begun to surface in the Land of Dawn. The living are under threat, and you are the only one who can save them. The main story will take place in a world where two characters are locked in an epic battle. This leads us to the Lands Between, the mysterious lands that lie between the Land of Dawn and the Land of Shadows. Explore this vast world, and take on quests and challenges. You can quest alone, or team up with others to form a party. In addition to the main story, you can experience story-related events, and have the opportunity to explore the Lands Between or participate in a variety of other activities. The game features a wide range of different monsters from the fantasy genre, and you'll encounter both familiar monsters such as ogres, and unknown monsters that pop up from time to time. The development team has put a huge amount of thought into creating an atmosphere that would faithfully replicate the original game in ways that are appropriate for the current generation. The game is fully voice-acted in English, Japanese, and Traditional Chinese. ABOUT THE PRODUCTION TEAM: ATLUS is best known for its work on the Final Fantasy series. DRAZION GAMES has worked on several titles in the fantasy-themed action RPG genre, including the DRAGON QUEST games and the Bravelly series. UPLINK PIXELS INC. is a new game development company started in 2006. Founded by industry veterans who have worked on the original FINAL FANTASY and DRAGON QUEST games, this company proudly presents the latest title from the UPLINK PIXELS video game development company. The UPLINK PIXELS development team grew up loving FINAL FANTASY, and would play all sorts of games, ranging from action to strategy to RPG. They joined UPLINK PIXELS because they wanted to return to that world and bring a title that they can be proud of, and have fun with. *Japan only. © ATLUS © UPLINK PIXELS ©

• Feels Unique Fantasy Action RPG that takes a step away from the monotonous typical action role-playing games to raise your fantasy adventure up. Step into a huge, visually striking world in order to take on a variety of challenges. • Beautiful Visuals A vast world where open fields with a variety of situations and huge dungeons with complex and three-dimensional designs are seamlessly connected. Various patterns and graphical effects will enhance the richness of the world, offering a level of detail and a vivid atmosphere that is unparalleled in the industry. • Easy to Play, Easy to Evolve Bare-bones mechanics that are easy to understand and easy to play. You can freely combine weapons, armor, and magic. Find or develop your own play style. It is easy to share and evolve your character through automatic character building. • Easy to Share A multiplayer that plays online without the need for a direct connection. While the game can be played alone or with friends, the multiplayer element is easy to enjoy with no complexity or special skills. • New Elements Dynamic, fun battle system. Easy to learn, easy to use. Characters and weapons have individual characteristics that change depending on how they are used. • Create Your Own Character The game is filled with an incredible variety of weapons, equipment, and various armor. Customize your own character. When it comes to skills, you can freely combine all of them. • Various Memories in an Epic Drama To be able to experience the memorable moments of the game, each page of the vast world of the Lands Between is an action puzzle. The characters' thoughts and feelings are expressed in the form of emotions. Emotions that were not expressed before are being expressed through the story. ● SPECIAL FEATURES - Dynamic and Incredible Battles Play a great fantasy adventure with a variety of characters, monsters, and situations. Step into a huge, visually striking world and enjoy a thrilling adventure. - Important Character Elements: Body, Spirit and Mind All of the characters are seen through the character's body, spirit, and mind. You can choose whether to fight, search, or hide in order to make them all a meaningful adventure. -

What's new:

Gameplay ● Defeat dangerous monsters, find hidden treasure! The conditions of the Dead King's army are deadlier than ever, and his plague spreads across the world. Arise Tarnished, and accept the mission of fighting back the Dead King's army! ● Pick up a Monk's Gloves Unlike the first game where you play in full armor, in this game you'll be able to wield the power of spiritual weapons, just like a Monk. ● A Complex Game System The game system has undergone a complete revision and now provides a higher degree of freedom and gameplay diversity. ● The World Between Worlds The world of Nowhere is full of dead bodies of humans and monsters, which means that it exists in the area of the Dead King and becomes something other than the world of reality. You can experience the unique field of the world between worlds. ● Easy to Understand, Well-Organized Combat While combat has always centered around damaging with weapons, this game introduced new combat concepts of attack-point building and match-up system. ● Introduction of the Spirit Blade A weapon that can deal powerful damage to monsters and possesses a powerful effect when used. ● Various Layouts of Items and Equipment Equip a variety of items and weapons through a variety of ways. ● Unique Scroll System In addition to attracting rare items through online play, you can also randomly acquire items from various game content!

Game Properties

- **Story World:** Dead King's army almost encircles the land, so the country must defeat the invading army. The action-RPG genre has come long since the era when games would wander around a castle only to beat the same kinds of monsters a thousand times. It is a genre that starts with the idea of "New Game+", where players battle these same monsters many times over. The RPG genre that aimed at players who already knew the mechanics of battle was made popular. More recently, games such as AddOn Immersive and Kigurumi have been published.
