original title: bienvenue chez les rozes genre comedy
imdb rating 6.2/10 (913) description two dangerous
ex-convicts who have nothing left to lose escape
during a prison transfer. out of breath and force,
chased by the police, they find a hideout in a
charming millstone house, where a friendly family,
the rozes live. and they know that, there are only two
things in this world that the rozes hate as much as
they do: a dog and a woman! and the rozes plan to
make sure that these two convicts never get a
second chance to screw up. now, who exactly are the
rozes? well, they're a lovely young couple who own a
beautiful home and a nice little family. little do they
realize that their life is about to be turned upside
down, when two escaped convicts try to take refuge
in their humble abode. the wild story is cleverly told
through three timelines that follow the rozes in their
home life, while they are on the run, and when they
finally come home. as for the couple, it is a toss-up

which one of the rozes is more insane. in their home life, the rozes are a nice, normal middle-class family. but as soon as the two convicts crash their lives, the rozes become absolute fiends, who will do anything to get the men back in their clutches. the real fun begins when the rozes attempt to take these two convicts back to their cell, as they've got nowhere else to go. they only have one condition: they have to leave the rozes' lives in one piece. 5ec8ef588b
